

Getting Online & Using the Internet

Getting Online and Using the Internet

What we are going to cover:

- Connecting to the Internet
- Web Browsers and Apps
- How to Get Online
- Using the Internet
- Bookmarks
- Browsing history
- Online Shopping
- Online banking and Apps
- Let's Practice

Getting Online and Using the Internet

How to get online:

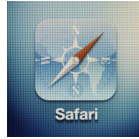

To connect to the internet/go online on your smartphone you will need to use either Wi-Fi or your Mobile Data.

- **Wi-Fi** : Connects to the internet using a wireless signal from a router. It's usually free and fast in your home or available in coffee shops, libraries etc. *To turn Wi-Fi on find and tap the 'Settings' app.  Tap on Wi-Fi and **slide switch** to left to turn light green/blue. **Search** and connect to **Wi-Fi network** from the list e.g. Christ Church and enter Wi-Fi password (where required)*
- **Mobile Data** : Uses your mobile network to connect to the internet when you're not on Wi-Fi. A mobile plan with a **data allowance** is needed.

Note: For security always try to connect to a secured Wi-Fi network i.e. one that is protected by a Wi-Fi password! Wi-Fi password will usually be on the bottom of your Wi-Fi router at home or available upon request if using Wi-Fi elsewhere.

Smartphone - Getting Online & Using the Internet

Web Browsers:

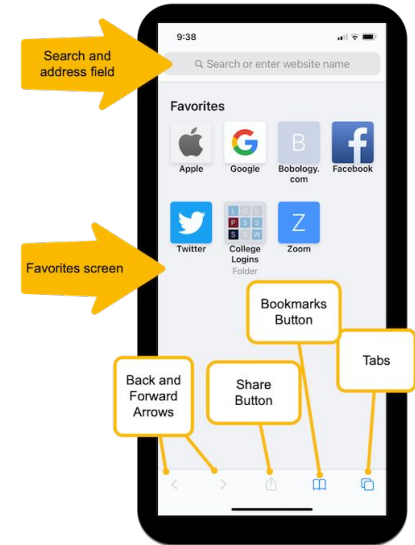

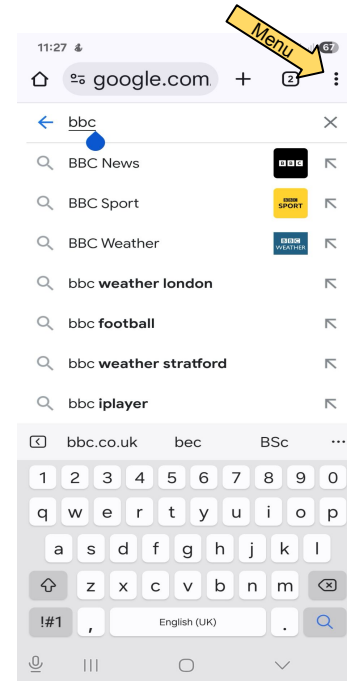

A web browser is software that displays web pages, allowing you to go online/navigate the internet, visit websites e.g.BBC, Youtube, search for content, shop online etc.

- The most common web browsers/apps are *Google Chrome, Safari, Microsoft Edge*
- **To go online** on a Smartphone you need to use a **web browser app**
- Your Smartphone will have a pre installed web browser app. ***iPhone = Safari***  and ***Android = Google Chrome*** 
- You can download other web browser apps from your smartphone's **App store**.
Android = Google Play, iPhone= App Store

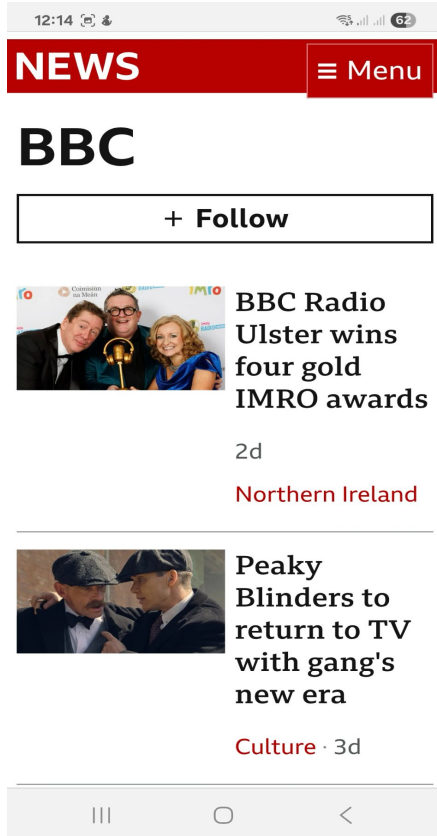

Smartphone - Getting Online & Using the Internet

Using the internet:

- To go online **Tap** on your '*web browser app e.g. Google Chrome*'. This opens a 'new browser window' where you can search the internet.
- To **Search** the internet/web **type** in (using your Smartphone keyboard) what you are searching for in the **search box/bar** and **Tap** 'Go' on your keyboard
- To **find a website e.g. BBC type** in the name or '*website address (URL)*' in the search bar, then **tap** on a link to the webpage from the search list and **select** the website
- You can open multiple '*web browser/windows*' or **tabs** by **tapping** on the menu icon (three dots or + icon) top right of your screen and select '**New tab/window**'

Let's get digital!

This is the website for Bellingham

Smartphone - Bookmark websites

Bookmarks (Android)

- To **bookmark/save** a webpage **open** your browser app *e.g. Chrome*. **Go to** the website *e.g BBC*, and **tap** the menu (3 dots) and **select** the 'star icon'.
- The bookmark will be saved automatically. To '**Edit**'> **tap** the 'star icon and here you can **edit** 'name' etc
- To access your bookmarks in Chrome **tap** the menu (3 dots) and **select** 'bookmarks'

Bookmarks (iPhone)

- To **bookmark/save** a webpage **open** 'Safari app'
- **Open/select** webpage you want to **bookmark** *e.g BBC*
- **Tap** menu (3 horizontal dots)
- **Tap** 'Add Bookmark to' > **choose a location** > **Tap** to 'Save'
- To access your bookmarks in Safari **tap** the 'menu icon'> **tap** the 'bookmarks' icon  . Here you can **see** your 'saved bookmarks' & can 'rename', 'delete' etc.

Smartphone - Browsing History

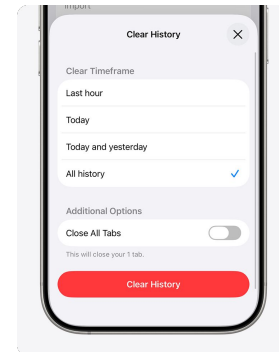

History (Android)

Websites that you have visited are kept in your '*browsing history*'.

- To **view** history **open** the 'Chrome app'
- **Tap** menu (3 dots) top right
- **Tap** 'History'. Your '*browsing history*' will appear.
- To **Delete** > **Tap** menu (3 dots) > **Tap** '*Delete Browsing data*' > **Select** 'More options' > **Select** 'All time' (top right) to choose '*timeframe*' e.g. *Last hour* > **Untick** boxes for data that don't want to delete e.g. 'Saved passwords' > **Tap** 'Delete data'

History (iPhone)

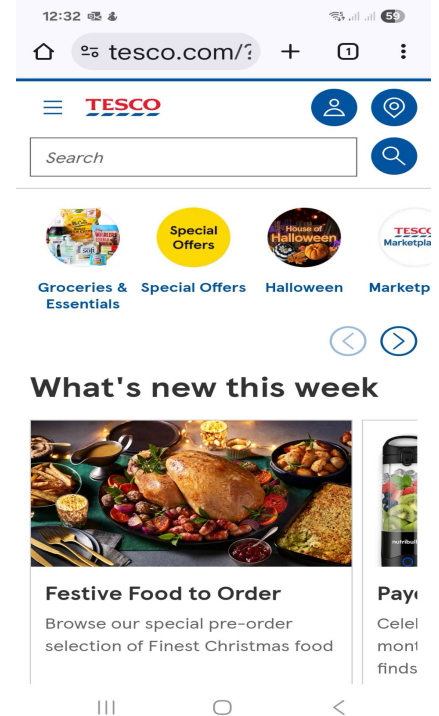

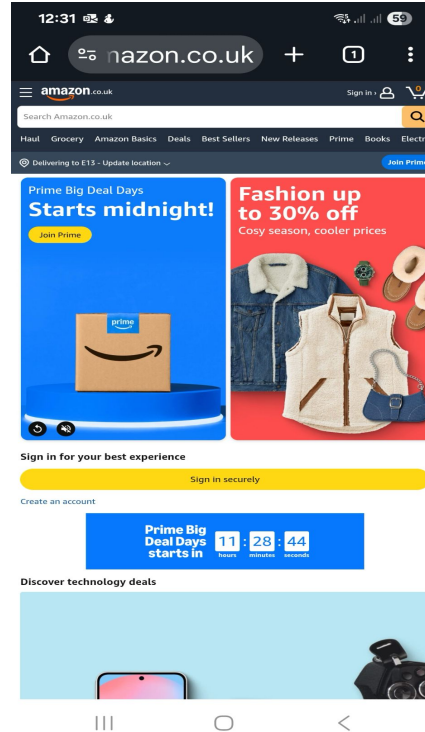

- To **view** 'history; **open** the 'Safari app'
- **Tap** 'book icon' (bottom) > **Tap** 'Clock icon' (top right). Your history will appear
- To **Delete** '*history*' > **Go to** 'settings' > Tap Apps > **Select** 'Safari' > **Scroll down** and **tap** 'Clear History and Website Data' **Choose** 'Timeframe' e.g. Last hour > **Tap** '*Clear History*'

Smartphone - Online shopping

Online shopping:

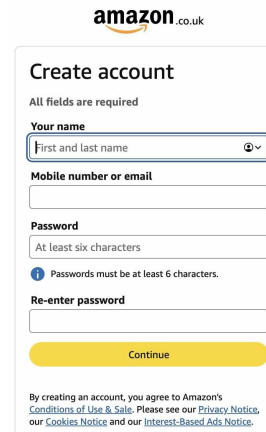

- As well as *'browsing online'* you can also shop for goods online using websites/apps e.g. Amazon, Temu
- You can also shop for groceries using the supermarket websites/apps e.g. Tesco's, Sainsbury's, Aldi

Getting Online shopping

Online shopping (cont)

- To buy/purchase items online using websites or Apps like Amazon or Sainsburys you will need to Register/Create a personal account using your email address and a password.

Smartphone - Online Browsing & Safety

Online banking (cont):

Staying Safe:

- **Only** Download Apps from your **smartphone's official app store** as they are vetted!
- Always use your **banks official website** & look for e.g. https://or padlock symbol
- **Make use of security features** offered by your bank or built into your smartphone *e.g. 2 factor authentication*
- **Never** share personal banking information i.e Pin or Online Password (*your bank will never ask for these in full*)
- **Use Anti virus software** (often built into your smartphone e.g. iPhone & Samsung - go to the Settings App) and keep Software up to date.
- **Avoid** banking online on public Wi-Fi!!

Let's Practice

Activity: Take out your phone.

Browsing:

Step 1: Tap on your browser app e.g. Google Chrome

Step 2: Search for "BBC" OR find and **tap** on BBC app on your phone (if installed)

Step 3: Return to your 'home screen' or apps library by **swiping up** or **tapping** 'home' icon. To delete app **tap & hold** and select 'Uninstall')

Downloading Banking/Shopping App:

Step 1: Tap on your 'App Store' or Google 'Play Store

Step 2: Search for app e.g. Natwest or Temu and find the app

Step 3: Tap 'Install' or 'Get' and download

Step 4: Tap 'Open' to view app

Step 5: (Optional) To **register/create account** follow on screen instructions

Thank you
